Dear Harold,

Enclosed is the "Will GRIFFIN" documents we spoke about. Please let me know if any of the people examining your documents find anything relevant to this. Meanwhile please don't pass this on ~~to~~ to anyone, at least until Earl Galy's story comes out sometime this week.

I spoke with Mark Zeldin, who was polite but somewhat cool towards me. Had no "recollection" of writing a book about Justice and denied having any records of the Justice Department's on Garrison. Oh well..... The New Orleans phone book lists a DEAN A. Andrews Jr. at ~~404~~ 404 Gatehouse Dr., S Metairie - 833-8770. I haven't called it yet.

I wrote Jerry about sending you his New Times piece and the Blakey affidavit. The article which appeared was heavily edited.

This evening I had the pleasure of meeting a few celebrities in the legal profession - The ABA held its semi-annual conference here in New Orleans

and in the receiving line were Chief
Justice Warren Burger and Attorney
General Griffin Bell!

Best of luck in your work. I'll
certainly send you any articles indigenous
to this area which might help you.

Best wishes,
Mark
